

## Dome Versalite Shoebox

*7DayPole.com's Dome Shoebox was constructed to meet the needs of today's photometric specifications. Its variants come in IES type III, IV, and V distributions to replicate all the specification-grade fixtures and designs. The modern curves of DV series make it attractive alternative to the boxy shoeboxes.*

Optics  
Type III, IV, & V distributions (See Optics section for more info)

Materials & Finish  
Housings are made with die-cast seamless aluminum and painted with the Delta Guard finish, featuring an E-coat epoxy primer and a bronze acrylic powder topcoat. This assures you that the products you install today will look great in the future as well. We offer a 7-year finish warranty!

Ballasts  
All fixtures are standard with a high power factor ballast. The DV fixtures are supplied with a multi-volt ballast (120, 208, 240 and 277 volts). 480volt ballast is an option.

Labels  
UL Listed in U.S. and Canada for wet locations

## Pole Advice

POLES - 1 head works with square steel poles only.  
FITTERS - When using other poles or multiple DV fixtures special tendons are required
