## LANDSCAPING LIGHT SOLUTIONS

*For over 20 years, Wesworth has assisted our customers with beautiful solutions for lighting their yards and homes with affordable and well-crafted products.*

*Whether you prefer to create a secure, serene, or simple look, Wesworth can meet your needs and exceed your expectations!*

### A WESWORTH TIP:

**Outdoor light fixtures are much more susceptible to the accidents of life and throws of mother nature...**

So:

- (1) Buy quality products. Unfortunately, most do-it-yourself stores do not carry products that will last more than 1-2 years.
- (2) Avoid dainty low voltage fixtures. While sold as simple and easy, their poor durability and lack of sufficient light power usually leave people disappointed.

### OUR PRODUCT SUGGESTIONS

#### BULLET FLOODS

**\$79  
& UP**

*Ideal for lighting up specimen trees, these up-light spots create significant light from a small source, creating a nearly invisible light source. Available in different colors, finishes, light color, and wattages.*

#### PAGODA-TYPE PATH LIGHTS

**\$42  
& UP**

*These rugged path lights can resist the assaults by yardman and still deliver safe and cost effective lighting for many years. Available in different colors, heights, and light color.*

#### TREE FLOODS

**\$75  
& UP**

*Creates a large amount of light for large groups of shrubbery, trees, walls or entrances. These lights feature HID lamps which produce vivid cool white light in a more cost effective manner.*

#### SHRUB FLOODS

**\$37  
& UP**

*These fluorescent based floods add affordable light to all types of foliage, either in groups or specimen level. Also popular to light up house facades because of their low cost and low energy usage.*

**NOTE:** Prices do not include installation and circuitry that may be required. Wesworth recommends Hadco, KIM, and Nightscaping lighting fixtures. See wesworth.com for exact prices, model numbers, and specs. Special pricing requires advance notice and mentioning this ad.
